(Based off the story by Munro Leaf.)

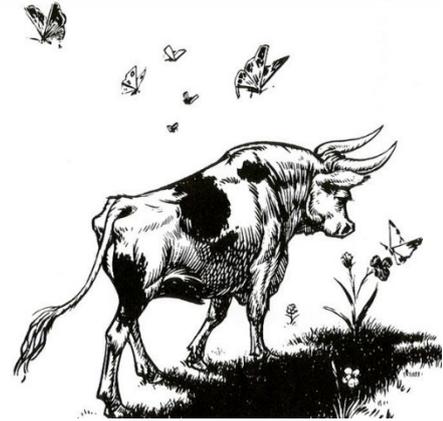

Once upon a time in Spain, there was a little bull named Ferdinand.

All the other little bulls liked to run, jump, and fight together.

Ferdinand didn't like fighting.

He just liked to sit quietly and look at the flowers.

After many years Ferdinand became bigger and bigger.

One day 5 men came to find the biggest bull.

They wanted to have a bull fight!

Ferdinand didn't want to fight so he went to sit down.

He sat on a bee!

"Aie aie aie!" said Ferdinand and he jumped up and ran.

The 5 men saw him and decided he was perfect for the bull fight.

The men took Ferdinand to the ring where the matador was.

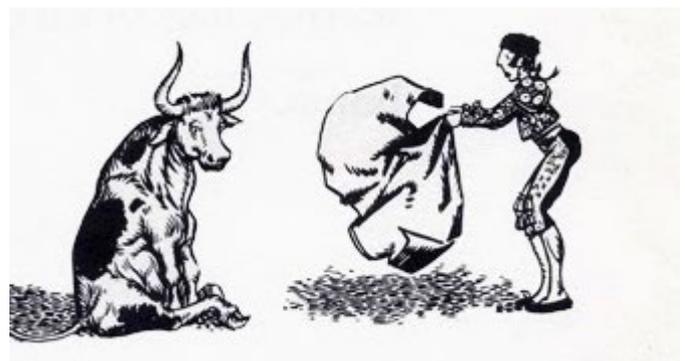

The matador used his red cape to make Ferdinand run.

But Ferdinand didn't run. He just sat down quietly.

The matador and Ferdinand did not fight.

The matador was furious, but Ferdinand was happy.

Ferdinand went home and sat down under his favorite tree.
